FIG.3

FIG.4

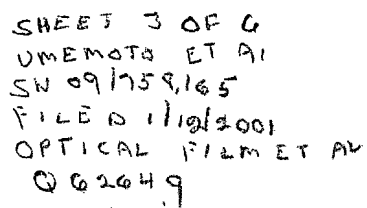

FIG.5

3/6

A cross-sectional view of a multi-layered structure 1. The structure consists of four distinct layers: a top layer 14 with diagonal hatching, a second layer 12 with cross-hatching, a third layer 11 which is white, and a bottom layer 13 with a wavy, sawtooth-like interface. A large arrow points to the left from the left side of the structure. A dashed line labeled 'A' indicates the wavy interface between layers 11 and 13.

FIG.11

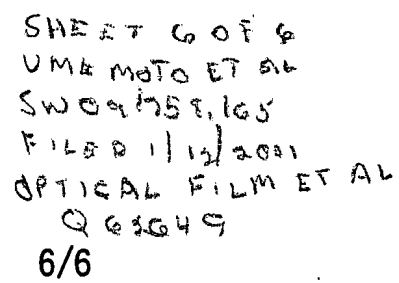

FIG.12

A detailed cross-sectional view of a multi-layered structure 1. The structure consists of a central core 25, which is surrounded by multiple layers. On the left side, there is a circular feature 52. The layers are labeled with numbers: 11, 12, 13, 21, 22, 23, 24, 26, 27, 28, 31, 32, 33, 34, 35, and 52. A dashed line A is shown at the bottom, and a label 4 is at the bottom right. The entire structure is labeled 1 on the right side.
